Dear Sir:

DECLARATION OF MATTIAS KARLSSON, OWE OWAR, DANIEL CHIU

We, Mattias Karlsson, Owe Orwar and Daniel Chiu declare as follows:

1. Mattias Karlsson, Owe Orwar and Daniel Chiu are coinventors of the invention disclosed and presently claimed in the above-identified application.

2. We are co-inventors on US Patent 7,470,518 that shares a common assignee with the instant application (Cellectricon AB).

3. US Patent 7,470,518, filed January 6, 2005, shares a common assignee with the instant application. A copy of both assignment documents are enclosed herewith. US Patent 7, 460, 518 does not claim any invention set forth in the present application, and is thus not the invention "by another."

4. We further declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
